Internship Program Overview

Below are the written requirements and practical assignments to meet our standards for internship. Our program has been designed with some flexibility to satisfy your college or university's requirements and/or obligations for credits. As such, any obligatory matters should be discussed or negotiated with a supervisor with the Maryland State Police before your internship begins.

The Application Process

Every intern applicant must first complete our on-line application and pass an abbreviated background investigation. The background investigation will include: a criminal history check, a driver's license check and a reference check. A supervisor from our Department will then conduct an interview with you and explain the program's process and expectations. At that time, students are required to read, understand and sign our Waiver of Claim and Release of Liability (Form 45), Confidentiality Agreement and Terms of Agreement. In the event the application is rejected, Human Resources Division will notify the applicant of the rejection within 30 days.

Timeframes for Our Program

Internships will be completed in the fall, the spring, or the summer. Applications for internships should be submitted within the following time frames:

Fall: May 15 - June 15

Spring: October 15 - November 16

Summer: March 1 - March 31

*The above timeframes may be waived at the discretion of HRD.

Internship applications will remain on file for one (1) year, after which a new application will be required.

Supervision and Mentorship

Every Section/Division will have a program supervisor who manages the internship program. The responsibility of the supervisor is to ensure the application process is completed and that the intern understands the requirements. The supervisor will assign the student intern to a mentor. The mentor will be a trooper, investigator or civilian, typically assigned to a work group or unit, who will follow the student throughout the entire program, ensuring that the My Daily Activity Log is being completed properly and in a timely manner. The mentor's primary role is to facilitate assignments within their work group or unit and to act as the liaison for any and all other required program assignments. Mentors are not required or expected to provide every experience. The mentor serves as a first line supervisor for the intern and should be readily available to answer questions and provide guidance. In any situation where the intern is not satisfied with their experience, they should feel free to contact the program supervisor. Finally, the mentor or the supervisor may complete any midterm or final evaluations required from the educational institution.

Written Requirements & Assignments

You will work for an organization that provides an essential function for the State. While not as visible as Troopers on the road, each civilian employee is just as necessary for the completion of our mission. Please direct any questions regarding open Maryland State Police civilian positions to Mr. Bruce Tanner at 410-653-4349.
